

MagTrack+ User Guide

MagTrack+ is an easy-to-use add-in to the MyGeotab Platform that marries the platform with the MagTrack+ asset tracking device. Locate your powered and non-powered assets at the frequency you want.

Please click the link to get the most recent information on using Matrix iQ's MagTrack+ within the MyGeotab platform.

Getting Started

[Adding Users to MyGeotab](#)

[Adding a New Asset](#)

[Editing Asset/Vehicle Details](#)

Asset Visibility

[Viewing Asset/Vehicles on a Map](#)

Notification & Location Management

[Changing MagTrack Modes](#)

[Adding an Alert](#)
